

## Benefits Debit Cards

*All Trailblazers Leave a Path*

**Trailblazer (*noun*):** one who makes, does, or discovers something new and makes it acceptable or popular; one who marks or prepares a trail for others to follow.

For over a decade, DataPath has been forging a trail in the benefits administration industry with its benefits debit cards. Our all-in-one payment solutions enable participants to easily access their funds and help employers incent group plan enrollment. They also help TPAs stay competitive, attract new clients, prevent benefit fraud, and reduce time and money spent processing paper claims.

Make the ascent to better benefits packages with DataPath's account-linked debit cards.

**DataPath's proprietary benefits debit cards** can link to any account-based employer benefit package and offers a stacked benefit environment that allows portability between benefits. Employees can access their funds in Flexible Spending Accounts, Cafeteria Plans, Dependent Care Assistance Plans, Health Reimbursement Arrangements, Health Savings Accounts, and Transit Accounts.

DataPath's benefits debit cards use our completely integrated, single-vendor platform for card issuance and authorization logic. We are an end-to-end card processor, and every related function stays in house, including customer service and technical support.
